PRIVATE CASHLESS TREATMENT at Sriram Hospital, Balasore

Sriram Hospital has established itself as a premier hospital in Balasore town since its inception 09 years back. We believe in good & quality patient care. The staffs in this hospital are very cordial & take care of the patients problems in a cheerful way. It is spacious, well ventilated with surrounding green atmosphere. It is an **ISO 9001:2015 certified hospital of Balasore town**. The doctors of this hospital are very good & reputed one. It is situated in the heart of Balasore town.

We provide the following patient care:-

1. OPD facilities (Outdoor health checkup).
2. **Indoor facilities (Admission & Operation)**
(General surgery, Laparoscopic surgery, Obstetrics & Gynecology, Orthopedics and Urology).

We have recently started **EYE & ENT SURGERY** treatment in our hospital.

EYE:- We have started **PHACO SURGERY FOR CATARACT** in our hospital. **Prominent Eye Surgeon Dr. Biswajit Dey** from JPM Rotary Hospital, Cuttack is doing **PHACO SURGERY** in our Hospital.

3. Lab facility: **CBC**, Routine blood investigations, chest X-ray, ECG, Ultrasound, **C-ARM, Digital X-Ray Machine** etc.

We have **MODULAR OPERATION THEATRE** in our hospital. This modular operation theatre is one of its kinds in ODISHA. Only few hospitals in Odisha (Cuttack & Bhubaneswar) have this type of OT. The Chances of infection is almost zero in surgery conducted in **MODULAR OT**.

We have empanelled with following **FORTY FOUR (44) National Insurance companies & TPA** to provide **cashless facilities** to our esteem customers. We have **A/C rooms & non A/C rooms** for this purpose. We provide rooms according to their status & feedback from Insurance companies / TPA. The customers are encouraged to enquire in detail about cashless facilities at our hospital landline number or come personally at hospital reception counter.

The following operations are done here:

Eye (PHACO SURGERY FOR CATARACT) and ENT Surgery(Tonsillectomy, Tympanoplasty, Mastoidectomy etc) Normal Delivery, Caesarean Section, Uterus operation, Bone Fracture, Laparoscopic Operation, Gall Bladder Stone, Appendicitis, Piles, Fistula, PCNL for Kidney stone, Ureteric stone, TURP for Prostrate etc.
